WORK EXPERIENCE

Escalon Business Services Pvt Ltd

Senior Tax Analyst

Mohali, India

August 2021 – July 2023

- Served as the main contact for the **Sales and Use tax Compliance Team**, reporting to the US offshore Tax Manager, overseeing training and task delegation for new hires and associates in India.
- Managed the **preparation and filing** of business tax returns, including **sales/use tax** for multiple states and local jurisdictions in the U.S. Prepared Power of Attorney Forms, Avalara Business Registrations, **Avalara MRA Transactions Import**, AvaTax Filings etc.
- Performed **sales tax nexus and exposure analyses** to determine tax obligations, assisted companies with state tax registrations, and facilitated compliance with delayed tax returns to avoid penalties.
- Reviewed and maintained customer **exemption certificates** and tax credit documentation to ensure tax treatment accuracy in accordance with state and local regulations.
- Conducted **tax research** using resources like Checkpoint, CCH, and state legislation, tax laws and code, and advising clients on sales tax collection and remittances based on their products and services.
- Coordinated with **state auditors** to manage **sales tax audits**, responded to state tax department inquiries, and addressed delinquent **notices** across multiple tax types, including excise tax and commercial activity tax. Interacted with various state and local tax departments inquiring about **client queries** on sales tax issues
- Assisted clients with **Voluntary Disclosure Agreements**, enabling them to remit outstanding sales/use taxes with penalty relief.
- Managed business compliance tasks such as Secretary of State registrations, EIN registrations, annual report filings, business license renewals, and securing necessary business permits.

Ryan LLC

Tax Analyst

Hyderabad, India

July 2019 – August 2021

- Worked majorly on determining taxability and identifying **tax refund** prospects by examining the taxability of the client's transactions to determine the extent of **refunds** for sales tax remitted by the client.
- Reconciliation of **sales and use tax** information from the client's invoices, sales orders with other accounting data sources. Conducting **Tax research** through various tax laws, and 3rd party tools like CCH.
- Identifying excess sales tax paid on invoices and responding to customer inquiries and tax authority requests.
- Quality Control Review- Performed peer-to-peer quality checks on a variety of **sales and use tax reconciliation** projects. Addressing team members' project questions and sharing best practices in the Quality Check Presentations.
- Gained the opportunity to serve as a **point of contact** for a new service line in **Oil and Gas** tax team that deals with different indirect tax types such as severance tax, excise tax, etc.
